Dear Parent or Guardian:

Families play an important role in the school success of children. There are many ways that you can get involved and support your child's learning. Whether you attend parent meetings, volunteer in your child's classroom, help with homework, read with your child at home each night, or encourage your child to do his or her best, you are helping your child do well in school.

We are working to make sure that families can partner with our schools, but we'd like to make our partnership better and make sure that our program meets the needs of all families, students, and teachers. You can help us by answering the questions on the enclosed survey.

Please return the completed survey to your child's teacher or put it in the box in the school office by **Friday, May 6, 2019**.

You may also complete the survey at the following link <http://tinyurl.com/jcpsTitleI-2019> or scan the following QR code:

Thank you for your help.

Sincerely,

Chrystal Hawkins

Parental involvement is the participation of parents in regular, two-way, and meaningful communication involving student academic learning and school activities. It is required that schools evaluate parent involvement strategies annually as a part of the parent involvement component of Title I PL 107-110, Section 1114(b)(1)(F).
